IB: IGETC Credit 2024-2025

Students who have earned credit from an IB exam should not take a comparable college course because transfer credit will not be granted for both.

College courses taken before or after attending UC may duplicate AP, IB, and/or A-Level examinations. Additionally, exams may duplicate each other (for example, an AP or IB exam in the same subject area). If the student does duplicate an exam with another of the same subject content and/or with a college course, UC will award credit only once.

For UC policy on IB credit, students should consult a counselor or the UC Admissions site: admission.universityofcalifornia.edu under "Requirements."
