

GENERAL EDUCATION REQUIREMENTS

CSU General Education-Breadth (CSU GE-B) for STEM 2023-2024

The CSU GE-Breadth for STEM is a variation of the CSU GE-Breadth pattern that allows California community college transfer students to fulfill lower-division general education requirements for any CSU campus prior to transfer. This pattern is recommended for students who know they want to transfer to a CSU and is used for designated Associate Degree for Transfer programs that allow CSU GE-Breadth for STEM (currently only Biology AS-T, Chemistry AS-T, and Environmental Science AS-T). Completion of this pattern satisfies the 33 units of lower-division general education breadth requirements for transfer to any CSU with one of the designated Associate Degrees for Transfer.

The CSU GE-Breadth for STEM is designed to educate students to:

- think, write, and speak clearly and logically;
- reason quantitatively; gain knowledge about the human body and mind, the development and functioning of human society, the physical and biological world, and human cultures and civilizations;
- and develop an understanding of the principles, methods, and values of human inquiry.

Complete 6 units in Area C and 3 units in Area D before transfer; the remaining 3 units in those two areas must be completed after transfer. Courses listed in more than one area may be used to satisfy only one area. The “Golden Four” (Areas A1, A2, A3, B4) must be completed with grades of C- or better. Consult with a counselor regarding your education plan.
