

ADMINISTRATION OF JUSTICE, ASSOCIATE IN SCIENCE FOR TRANSFER

The Associate in Science in Administration of Justice for Transfer degree (AS-T in Administration of Justice) prepares students for transfer into the California State University system to pursue bachelor's degree programs in Administration of Justice, similar justice studies programs and a career in the field of the administration of justice and public safety. Students must complete the Associate Degree for Transfer requirements to earn the AS-T degree.

Learning Outcomes

Upon successful completion of the program, students will be able to:

- Differentiate and evaluate the requirements and limitations of justice professionals, including critical thinking, and problem-solving skills in real time.
- Articulate the justice system's objectives, total crime data, role expectations of criminal justice professionals, and the various functions of each subsystem within the system.
- Describe the system's responsibilities to victims, the community, theory and factors in crime causation, the social implications of crime, and communication barriers between system professionals and multicultural communities.
- Identify and apply definitions and concepts related to constitutional law, legal codes and case law at the federal and state levels.
- Analyze legal concepts, make reasonable decisions about case procedure. Demonstrate knowledge of the rules of evidence, legal definitions, and concepts of evidentiary law.
- Apply basic investigative proficiencies to produce field notes, compile and analyze data, write accurate reports, and prepare formal reports suitable for court presentations.

MPC transfer programs are designed to enable students to complete lower-division requirements in preparation for transfer to a baccalaureate-granting institution.

The Student Transfer Achievement Reform Act (Senate Bill 1440, codified in California Education Code sections 66746-66749) guarantees admission to California State University (CSU) system for any community college student who earns an Associate Degree for Transfer (ADT), although not to a particular campus or major. Upon transferring to a CSU campus that accepts the Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T), students will be required to complete no more than 60 upper-division units to earn a bachelor's degree in a same or similar major (unless designated as a "high-unit" major).

The following Associate Degree for Transfer requirements must be completed to earn the AA-T or AS-T degree:

- Minimum of 60 CSU-transferable semester units;
- Minimum grade point average (GPA) of 2.0 in all CSU-transferable coursework (while a minimum of 2.0 is required for admission, some majors may require a higher GPA);
- Completion of a minimum of 18 semester units as detailed in the Major Requirements;
- Completion of all courses in the major with a grade of C or better (or a "P" if the course is taken on a "Pass/No Pass" basis);
- Certified completion of the California General Education Transfer Curriculum (Cal-GETC) pattern.

All students should consult with a Counselor to discuss transfer pathways and specific university admission requirements. Visit MPC's Counseling website for more information about Counseling services provided by MPC and to connect with a Counselor.

MPC "Ready to Work" Career Education programs offer students the opportunity to gain knowledge and skills needed for employment and job advancement.

All students should consult with a Counselor to discuss career pathways, for support with career exploration and planning, and to create a personalized education plan to help them meet their academic, career, and personal goals. Visit MPC's Counseling website for more information about Counseling services provided by MPC and to connect with a Counselor.
