

BUSINESS ADMINISTRATION, ASSOCIATE IN SCIENCE

The Associate in Science degree in Business Administration offers courses in law, marketing, human resources, and leadership that prepare students to enter the business field in positions above entry-level. The degree also includes the broad benefits of the MPC general education requirements. The Business Administration certificate of achievement must be completed before or as part of the associate degree. Students planning to transfer to a university to earn a bachelor's degree should consider the Associate in Science in Business Administration for Transfer (AS-T in Business Administration) degree.

Learning Outcomes

Upon successful completion of the program, students will be able to:

- Develop a familiarity with multiple aspects of business and the relationships among them.
- Apply quantitative information competencies to manage business resources and communicate results.
- Apply current management strategies and practices in the global business environment.
- Apply core marketing or communication practices to business situations.
- Evaluate and develop effective business strategies that embrace the power of diversity.
- Demonstrate specific small business operational skills in the areas of technology, leadership, or human resources.
- General Education Outcome: Analyze and evaluate complex issues or problems, draw reasoned conclusions and/or generate solutions, and effectively communicate their results. (Do not include this one in the COCI Narrative per JK on 05/21/2020.)

Please refer to the graduation requirements section of the Catalog for information about degree and certificate requirements including Reading and Writing, Mathematics, Information Competency, and General Education requirements.

MPC "Ready to Work" Career Education programs offer students the opportunity to gain knowledge and skills needed for employment and job advancement.

All students should consult with a Counselor to discuss career pathways, for support with career exploration and planning, and to create a personalized education plan to help them meet their academic, career, and personal goals. Visit MPC's Counseling website for more information about Counseling services provided by MPC and to connect with a Counselor.

Additional resources are available through MPC's Career & Transfer Resource Center (CTRC). The CTRC offers career resources, workshops, guidance and referrals. Visit the CTRC for support finding online career information and other resources to explore majors, occupations, and employment information.
