

# BUSINESS - OFFICE ADMINISTRATION, ASSOCIATE IN SCIENCE

The Office Administration program adds to the foundation skills of the Business Information Worker Certificate of Achievement to prepare students for a higher level of responsibility, to include functions in bookkeeping entries, more advanced word processing and spreadsheet skills, and a choice of other business skills often used within the scope of an office administration position. The productivity tools learned through this program are immediately applicable to office administration positions and will enhance effectiveness far into the future of any business career. Earning the Associate-level degree adds the additional dimension of general education.

## Learning Outcomes

Upon successful completion of the program, students will be able to:

- Produce documents and process information utilizing Microsoft Office.
- Apply basic information system concepts in a business environment.
- Demonstrate professional communication and appropriate office etiquette.
- Utilize business accounting software.
- Perform additional activities typically assigned to office personnel.

Please refer to the graduation requirements section of the Catalog for information about degree and certificate requirements including Reading and Writing, Mathematics, Information Competency, and General Education requirements.

MPC "Ready to Work" Career Education programs offer students the opportunity to gain knowledge and skills needed for employment and job advancement.

All students should consult with a Counselor to discuss career pathways, for support with career exploration and planning, and to create a personalized education plan to help them meet their academic, career, and personal goals. Visit MPC's Counseling website for more information about Counseling services provided by MPC and to connect with a Counselor.

Additional resources are available through MPC's Career & Transfer Resource Center (CTRC). The CTRC offers career resources, workshops, guidance and referrals. Visit the CTRC for support finding online career information and other resources to explore majors, occupations, and employment information.
