

BUSINESS TECHNOLOGY, CERTIFICATE OF ACHIEVEMENT

The Business Technology Certificate of Achievement program is designed for students who seek the core business technology skills to incorporate technology into a small business. This program is designed for students who want to add technology abilities to their current skill set without the additional coursework of a broader education.

For further studies consider the Business Administration Associate degree with an emphasis in Business Technology or a Computer Science and Information Systems degree. Students planning to transfer to a university to earn a bachelor's degree should consider the Associate in Science in Business Administration for Transfer (Business Administration AS-T) degree or the appropriate CSIS transfer program.

Learning Outcomes

Upon successful completion of the program, students will be able to:

- Utilize fundamental business technology resources appropriate to a small business environment.
