

COMMUNICATION STUDIES 2.0, ASSOCIATE IN ARTS FOR TRANSFER

Communication Studies is, generally speaking, the study of human communication. The Associate in Arts in Communication Studies for Transfer 2.0 degree (AA-T in Communication Studies) program assists students in improving their communication skills and is designed to prepare students for a major in Communication Studies. The course of study promotes understanding, analysis, and effective application of theories related to communication in interpersonal, group, public, organizational, multicultural, and/or mediated contexts. The program prepares students to transfer into the CSU system to pursue a baccalaureate degree in Communication Studies or related major. Students must complete the Associate Degree for Transfer requirements to earn the AA-T degree.

Learning Outcomes

Upon successful completion of the program, students will be able to:

- Apply communication theory and principles to a variety of interpersonal, small group, and public speaking situations.
- Create and present messages appropriate to audience, purpose, and contexts.
- Accomplish personal communicative goals.
- Apply ethical communication principles and practices.
- Explain the connection between communication and culture.

MPC transfer programs are designed to enable students to complete lower-division requirements in preparation for transfer to a baccalaureate-granting institution.

The Student Transfer Achievement Reform Act (Senate Bill 1440, codified in California Education Code sections 66746-66749) guarantees admission to California State University (CSU) system for any community college student who earns an Associate Degree for Transfer (ADT), although not to a particular campus or major. Upon transferring to a CSU campus that accepts the Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T), students will be required to complete no more than 60 upper-division units to earn a bachelor's degree in a same or similar major (unless designated as a "high-unit" major).

The following Associate Degree for Transfer requirements must be completed to earn the AA-T or AS-T degree:

- a. Minimum of 60 CSU-transferable semester units;
- b. Minimum grade point average (GPA) of 2.0 in all CSU-transferable coursework (while a minimum of 2.0 is required for admission, some majors may require a higher GPA);
- c. Completion of a minimum of 18 semester units as detailed in the Major Requirements;
- d. Completion of all courses in the major with a grade of C or better (or a "P" if the course is taken on a "Pass/No Pass" basis);
- e. Certified completion of the California State University General Education-Breadth pattern (CSU GE-Breadth) pattern; OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.

All students should consult with a Counselor to discuss transfer pathways and specific university admission requirements. Visit MPC's Counseling website for more information about Counseling services provided by MPC and to connect with a Counselor.
