## DENTAL ASSISTING, ASSOCIATE IN SCIENCE

The model sequence of coursework below is one pathway for students to complete the program. The information below is not an official educational plan. An MPC Counselor can assist you with creating a personalized education plan based on your academic, career, and personal goals. Visit MPC's Counseling website for more information about Counseling and up-to-date program requirements.

## **Suggested 2-Year Course Sequence**

Fall         Units           DNTL 100         Orientation to Dental Careers         2           DNTL 101         Dental Anatomy         2           DNTL 102         Chairside Assisting I         3           DNTL 103         Radiography for Dental Assistants         2           DNTL 104         Chairside Assisting II         3           DNTL 105         Dental Health Science         2           Units         14           Spring           ENGL 1A         College Composition         3           DNTL 107         Coronal Polish         0.5           DNTL 108         Pit and Fissure Sealants         0.5           DNTL 110         Dental Pharmacology and Oral Pathology         2           DNTL 111         Dental Specialties         2.5           DNTL 115         Dental Specialties         2.5           DNTL 116         Supervised Clinical Experience         5           Units         16           Year 2           Fall           MPC GE Area B and Lab (ANAT 5 Recommended)         4           MPC GE Area B and Lab (ANAT 5 Recommended)         4           LIBR 50         Introduction to Library and Research Skills		Total Units	60
