# EARLY CHILDHOOD EDUCATION, ASSOCIATE IN SCIENCE

The Early Childhood Education program leads to an Early Childhood Education Certificate of Achievement, an Associate in Science in Early Childhood Education degree, and an Associate in Science in Early Childhood Education for Transfer (AS-T in Early Childhood Education) degree, as well as course work required by the State of California Department of Education for the Child Development Permit Matrix.

## **Learning Outcomes**

Upon successful completion of the program, students will be able to:

- Use fundamental child development theories and principles, encompassing children's physical, intellectual, social, and emotional development including contexts that influence children to plan for all children's developmental needs from both an individualized and group perspective.
- Identify, develop, and implement developmentally appropriate teaching practices and curriculum in the areas of math, science, creative art, small motor development, language/literature/literacy, social studies, large motor development, music/movement, health/ safety/nutrition, creativity, and problem-solving skills, including healthy, safe, inclusive environments that positively guide and enhance children's development, including dual-language learners and children with special needs.
- Develop positive, supportive relationships with children in order to plan for groups and individual children using a relational, playbased collaborative approach including knowledge and strategies of honoring and working with diverse children, families and communities.
- Identify and implement observation, documentation, and other developmentally appropriate assessment strategies (including the use of technology), in collaboration with families and community resources, to plan for children's interests, developmental needs, and strengthen teacher's work with children and families.
- Develop reflective habits and grow as an Early Childhood professional by understanding the complexities, ethical responsibilities, and professional role as a teacher and advocate for young children, their families, and the early childhood profession.
