

ECONOMICS, ASSOCIATE IN ARTS FOR TRANSFER

The Associate in Arts in Economics for Transfer degree (AA-T in Economics) program is designed to fulfill the requirements for transfer model curriculum to CSU campuses. Students will be prepared to transfer into the CSU system to successfully pursue further studies for a baccalaureate degree in economics. The program is structured to provide two paths. For those students who wish to focus on economics and economic analysis exclusively, we offer a series of mathematics courses that will prepare students for upper-division economics analysis courses. For students who wish to focus on economics but with an emphasis in business, we offer a series of courses in preparation for upper-division courses in economics and in business. Students must complete the Associate Degree for Transfer requirements to earn the AA-T degree.

Learning Outcomes

Upon successful completion of the program, students will be able to:

- Analyze markets using microeconomic techniques such as efficiency analysis, market structure analysis and rational behavior analysis as well as use macroeconomic data and apply macroeconomic models in order to understand the macro-economy.

MPC transfer programs are designed to enable students to complete lower-division requirements in preparation for transfer to a baccalaureate-granting institution.

The Student Transfer Achievement Reform Act (Senate Bill 1440, codified in California Education Code sections 66746-66749) guarantees admission to California State University (CSU) system for any community college student who earns an Associate Degree for Transfer (ADT), although not to a particular campus or major. Upon transferring to a CSU campus that accepts the Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T), students will be required to complete no more than 60 upper-division units to earn a bachelor's degree in a same or similar major (unless designated as a "high-unit" major).

The following Associate Degree for Transfer requirements must be completed to earn the AA-T or AS-T degree:

- a. Minimum of 60 CSU-transferable semester units;
- b. Minimum grade point average (GPA) of 2.0 in all CSU-transferable coursework (while a minimum of 2.0 is required for admission, some majors may require a higher GPA);
- c. Completion of a minimum of 18 semester units as detailed in the Major Requirements;
- d. Completion of all courses in the major with a grade of C or better (or a "P" if the course is taken on a "Pass/No Pass" basis);
- e. Certified completion of the California State University General Education-Breadth pattern (CSU GE-Breadth) pattern; OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.

All students should consult with a Counselor to discuss transfer pathways and specific university admission requirements. Visit MPC's Counseling website for more information about Counseling services provided by MPC and to connect with a Counselor.
