

ELEMENTARY TEACHER EDUCATION, ASSOCIATE IN ARTS FOR TRANSFER

The Associate in Arts in Elementary Teacher Education for Transfer (AA-T in Elementary Teacher Education) is intended for students who plan to transfer to a CSU and complete a Liberal Studies degree and a Multiple Subject Teaching Credential to prepare them for elementary school teaching. It is a highly interdisciplinary program that meets state guidelines to prepare students to begin their path toward becoming elementary school teachers. Students completing the AA-T in Elementary Teacher Education are guaranteed admission to the CSU system (but not to a particular campus or major) and earn specific guarantees for transfer to the CSU system: admission to a CSU with junior status, and priority admission to a CSU campus and to a program or major in Education or a similar major. Students transferring to a CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor's degree. Students must complete the Associate Degree for Transfer requirements to earn the AA-T degree.

Learning Outcomes

Upon successful completion of the program, students will be able to:

- Demonstrate knowledge of theoretical literature related to education in literacy, science, social studies and math.
- Explain how to examine and evaluate methods of instruction and curriculum for K-12 students.
- Explain how to use assessment data and relevant cultural competency to teach students from diverse backgrounds.

MPC transfer programs are designed to enable students to complete lower-division requirements in preparation for transfer to a baccalaureate-granting institution.

The Student Transfer Achievement Reform Act (Senate Bill 1440, codified in California Education Code sections 66746-66749) guarantees admission to California State University (CSU) system for any community college student who earns an Associate Degree for Transfer (ADT), although not to a particular campus or major. Upon transferring to a CSU campus that accepts the Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T), students will be required to complete no more than 60 upper-division units to earn a bachelor's degree in a same or similar major (unless designated as a "high-unit" major).

The following Associate Degree for Transfer requirements must be completed to earn the AA-T or AS-T degree:

- Minimum of 60 CSU-transferable semester units;
- Minimum grade point average (GPA) of 2.0 in all CSU-transferable coursework (while a minimum of 2.0 is required for admission, some majors may require a higher GPA);
- Completion of a minimum of 18 semester units as detailed in the Major Requirements;
- Completion of all courses in the major with a grade of C or better (or a "P" if the course is taken on a "Pass/No Pass" basis);
- Certified completion of the California State University General Education-Breadth pattern (CSU GE-Breadth) pattern; OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.

All students should consult with a Counselor to discuss transfer pathways and specific university admission requirements. Visit MPC's Counseling website for more information about Counseling services provided by MPC and to connect with a Counselor.
