EMMS 170A - Emergency Medical Technician 1: Basic Training (7 units)

Letter Grade (LG) or Pass/No Pass (P/NP) • Total hours: 110.5 hours lecture; 25.5 hours lab

This is part of a two-course corequisite program designed to meet the State of California Requirements for certification as an Emergency Medical Technician Basic (Ambulance). Emergency Medical Technician Basic Training is designed to meet the Department of Transportation, National Registry of EMTs, and State of California requirements for certification as a EMT-Basic (Ambulance) crew member. Portions of instruction may be offered online; may also be offered fully online.

Corequisite(s): EMMS 170B

Enrollment limitation(s): Completion of an American Heart Association Basic Life Support CPR course.

Credit transferable: Non-transferable

GE Credit: MPC E2 Career Exploration

EMMS 170B - Emergency Medical Technician 1: Basic Training Application (2 units)

Letter Grade (LG) or Pass/No Pass (P/NP) • Total hours: 17 hours lecture; 51 hours lab

This course is part of a two-course corequisite program designed to provide the student with the required clinical training for certification as an EMT-1 (Ambulance). Participation includes a ride along with the local ambulance provider, patient observation in the hospital setting, and preparation for the national registry skills and written test. Contact the Director of the Public Safety Training Center for complete list of requirements. Portions of instruction may be offered online; may also be offered fully online.

Corequisite(s): EMMS 170A

Enrollment limitation(s): Other

Credit transferable: Non-transferable

GE Credit: MPC E2 Career Exploration

Materials fee: \$135

EMMS 470A - Emergency Medical Technician 1: Basic Training (0 units)

Letter Grade (LG) or Pass/No Pass (P/NP) • Total hours: 110.5 hours lecture; 25.5 hours lab

This is part of a two-course corequisite program designed to meet the State of California Requirements for certification as an Emergency Medical Technician Basic (Ambulance). Emergency Medical Technician Basic Training is designed to meet the Department of Transportation, National Registry of EMTs, and State of California requirements for certification as an EMT-Basic (Ambulance) crew member. Portions of instruction may be offered online; may also be offered fully online.

Corequisite(s): EMMS 470B

Enrollment limitation(s): Completion of an American Heart Association Basic Life Support CPR course.

Repeatable: Noncredit

EMMS 470B - Emergency Medical Technician 1: Basic Training Application (0 units)

Letter Grade (LG) or Pass/No Pass (P/NP) • Total hours: 17 hours lecture; 51 hours lab

This course is part of a two-course corequisite program designed to provide the student with the required clinical training for certification as an EMT-1 (Ambulance). Participation includes a ride along with the local ambulance provider, patient observation in the hospital setting, and preparation for the national registry skills and written test. Contact the Director of the Public Safety Training Center for complete list of requirements. Portions of instruction may be offered online; may also be offered fully online.

Corequisite(s): EMMS 470A

Enrollment limitation(s): Other

Repeatable: Noncredit

Materials fee: \$135

EMMS 470R - EMT-1: Recertification (0 units)

Pass/No Pass (P/NP) Only • Total hours: 32 hours lab

This course is designed for emergency medical response personnel. It is an individualized course that meets the requirements for renewal of California State EMT-1 certification. Portions of instruction may be offered online; may also be offered fully online.

Advisory: EMT-1 California certification (current or expired for no more than one year)

Enrollment limitation(s): Completion of an American Heart Association Basic Life Support CPR course.

Repeatable: Noncredit

EMMS 472R - Continuing Education for Emergency Medical Technicians (0 units)

Non Credit • Total hours: 8.5 hours lecture; 25.5 hours lab

This course is designed to provide continuing education hours to emergency medical response personnel. The training is scheduled during the Emergency Medical Technician 1: Basic Training course (EMMS 470A). Portions of instruction may be offered online; may also be offered fully online.

Advisory: EMMS 170A; or EMT-1 California certification (current or expired for no more than one year)

Repeatable: Noncredit
