

EMERGENCY MEDICAL TECHNICIAN 1: BASIC TRAINING, NONCREDIT CERTIFICATE OF COMPLETION

The Emergency Medical Technician 1: Basic Training Certificate of Completion is designed to meet the Department of Transportation, National Registry of EMTs, and State of California requirements for certification as an EMT-Basic (Ambulance) crew member. The Basic Training certificate prepares students to care for patients in the prehospital setting.

Learning Outcomes

Upon successful completion of the program, students will be able to:

- Define the roles, responsibilities, and limitations of the Emergency Medical Technician.
- Assess and apply emergency treatment procedures for medical, trauma, and environmental patients in the clinical setting.
- Perform the skills and apply the concepts necessary to pass the National Registry test.

Noncredit Certificate of Completion Requirements

Please refer to the program requirements section of the Catalog for information about associate degree requirements and certificate requirements including Information Competency, and General Education requirements.

MPC "Ready to Work" Career Education programs offer students the opportunity to gain knowledge and skills needed for employment and job advancement.

All students should consult with a Counselor to discuss career pathways, for support with career exploration and planning, and to create a personalized education plan to help them meet their academic, career, and personal goals. Visit MPC's Counseling website for more information about Counseling services provided by MPC and to connect with a Counselor.

Additional resources are available through MPC's Career & Transfer Resource Center (CTRC). The CTRC offers career resources, workshops, guidance and referrals. Visit the CTRC for support finding online career information and other resources to explore majors, occupations, and employment information.
