

RACE, ANTI-RACISM, CULTURE AND ETHNICITY (RACE)

A Race, Anti-Racism, Culture, and Ethnicity (RACE) Certificate uses an intersectional and comparative approach to focus on a specific ethno-racial exploration of privilege and power. It enables students to demonstrate their understanding of differences based on race, ethnicity, and culture while strengthening their knowledge of the histories of culturally diverse communities. It enables them to analyze racial and ethnic theories, anti-racism practices, and social movements, building a foundation for civic engagement.

Upon successful completion of the program, students will be able to:

- Critically examine and discuss race, ethnicity, and culture within the frameworks of politics, society, and history.
- Apply an intersectional and interdisciplinary approach to analyze race and anti-racism in relation to perennial 21st-century challenges.
- Critically examine and discuss race, ethnicity, and culture within the frameworks of power, privilege, and social change.
