

FASHION MERCHANDISING AND MANAGEMENT, ASSOCIATE IN SCIENCE

The Fashion Merchandising and Management Associate in Science degree emphasizes the basic principles of design, product development, and the fashion business. The program offers insight to students interested in fashion merchandising and management. It is ideal for those who want to transfer to a university with a fashion merchandising and management program to pursue a career in the global fashion industry.

Learning Outcomes

Upon successful completion of the program, students will be able to:

- Describe and evaluate social and ethical values in their cultural and historical contexts relevant to fashion.
- Evaluate textiles and be able to make appropriate choices for various textile products.
- Apply correct terminology for style, construction and production of clothing.
- Identify the skills and abilities relevant to careers in fashion merchandising.

Associate in Science Degree Major Requirements

Code	Title	Units
Required Core

MPC GE Area C		3
Electives		5
Units		15
Year 2		
Fall		
ARTG 11 or ECON 2	Introduction to Photoshop or Principles of Economics: Macro	3
MPC GE Area D		3
Electives		9
Units		15
Spring		
ARTG 10 or ECON 4	Introduction to Computers for Graphic Arts or Principles of Economics: Micro	3
MPC GE Area F		3
Electives		9
Units		15
Total Units		60

MPC "Ready to Work" Career Education programs offer students the opportunity to gain knowledge and skills needed for employment and job advancement.

All students should consult with a Counselor to discuss career pathways, for support with career exploration and planning, and to create a personalized education plan to help them meet their academic, career, and personal goals. Visit MPC's Counseling website for more information about Counseling services provided by MPC and to connect with a Counselor.

Additional resources are available through MPC's Career & Transfer Resource Center (CTRC). The CTRC offers career resources, workshops, guidance and referrals. Visit the CTRC for support finding online career information and other resources to explore majors, occupations, and employment information.
