

# COMPANY OFFICER, ASSOCIATE IN SCIENCE

The Company Officer Associate in Science degree provides the student with the coursework needed to advance to, or be successful in, the position of Company Officer. Information covered in this program includes the management of personnel, all-risk command operations for the company officer, and the use of the incident command system.

## Learning Outcomes

Upon successful completion of the program, students will be able to:

- Assess emergency situations and employ strategies and tactics to mitigate the situation.
- Demonstrate the ability to communicate the skills needed to manage: personnel, incident conditions, and commanding resources on and off emergency incidents.
- Demonstrate the ability to communicate in a command role, the knowledge necessary to manage emergency and non-emergency situations.

## Associate in Science Degree Major Requirements

MPC "Ready to Work" Career Education programs offer students the opportunity to gain knowledge and skills needed for employment and job advancement.

All students should consult with a Counselor to discuss career pathways, for support with career exploration and planning, and to create a personalized education plan to help them meet their academic, career, and personal goals. Visit MPC's Counseling website for more information about Counseling services provided by MPC and to connect with a Counselor.

Additional resources are available through MPC's Career & Transfer Resource Center (CTRC). The CTRC offers career resources, workshops,

guidance and referrals. Visit the CTRC for support finding online career information and other resources to explore majors, occupations, and employment information.
