

COMPANY OFFICER, ASSOCIATE IN SCIENCE

The Company Officer Associate in Science degree provides the student with the coursework needed to advance to, or be successful in, the position of Company Officer. Information covered in this program includes the management of personnel, all-risk command operations for the company officer, and the use of the incident command system.

Learning Outcomes

Upon successful completion of the program, students will be able to:

- Assess emergency situations and employ strategies and tactics to mitigate the situation.
- Demonstrate the ability to communicate the skills needed to manage: personnel, incident conditions, and commanding resources on and off emergency incidents.
- Demonstrate the ability to communicate in a command role, the knowledge necessary to manage emergency and non-emergency situations.
