

# GENERAL STUDIES: SOCIAL SCIENCE EMPHASIS, ASSOCIATE IN ARTS

This degree provides an opportunity for students to earn an Associate in Arts (AA) degree in a comprehensive area of study. It is intended for the student who may not be currently transferring to a university. A minimum of 60 semester units must be completed with an overall Grade Point Average (GPA) of 2.0 or better in all degree-applicable units. Only courses numbered 1-299 may be applied toward this associate degree.

Social Science courses provide theory and instruction on the role of institutions, groups and individuals in society. These courses focus on the interaction of social, historic, economic, political, geographic, linguistic, religious, and/or cultural factors, with emphasis on the ways humans understand the complex nature of their existence. Courses emphasize the understanding of human and societal development within the context of issues which could divide people and culture (e.g., racism, colonialism, geopolitical issues and economic inequities) and the complex relationships between culture, individual development and historical context. Courses include discussion of skills and practices used by the social sciences: data collection, hypothesis development and testing, and critical evaluation of evidence.

## Learning Outcomes

Upon successful completion of the program, students will be able to:

- Form a provable thesis, develop it through factual research, distinguish between fact and opinion, and make effective rhetorical choices in relation to audience and purpose.
- Analyze and evaluate complex issues or problems, draw reasoned conclusions and/or generate solutions, and effectively communicate their results.
- Analyze and interpret human thought, achievement, and expression relevant to such branches of knowledge as philosophy, literature, and/or the fine and performing arts, and to communicate the results.
- Critically examine and comprehend human nature and behavior, social traditions, and institutions.
- Examine interactions and interconnections across cultures.
