

TREE CARE SPECIALIST, CERTIFICATE OF ACHIEVEMENT

This certificate gives students a grounding in horticulture with a focus on trees and tree care. The student will be prepared for the Certified Arborist exam administered by the International Society of Arboriculture.

Learning Outcomes

Upon successful completion of the program, students will be able to:

- Identify and name 80-100 tree species and cultivars and discuss placement and care in landscape settings.
- Describe and practice correct pruning techniques in young and established trees.
- Apply basic botanical and horticultural knowledge to the cultivation and care of trees in the landscape or nursery setting.
- Pass the Certified Arborist exam administered by the International Society of Arboriculture.
