

KINESIOLOGY, ASSOCIATE IN ARTS FOR TRANSFER

The Associate in Arts in Kinesiology for Transfer (AA-T in Kinesiology) degree program provides students an introduction to human movement and function. The program will allow the successful student to gain knowledge and skills necessary to undertake an upper-division course of study in a number of areas including physical education/kinesiology, health science, and exercise physiology. The program serves students who will complete their education at MPC and prepares those who plan to transfer into the CSU system to pursue a baccalaureate degree in Kinesiology or related major. Students must complete the Associate Degree for Transfer requirements to earn the AA-T degree.

Learning Outcomes

Upon successful completion of the program, students will be able to:

- Assess how physical, social, emotional, and/or intellectual factors contribute to wellness and healthful living.
- Describe how biomechanics relates to physical activity, skill development and physical fitness.
- Assess the depth and breadth of kinesiology as an academic discipline and the career opportunities it may support.
- Identify how scientific studies such as anatomy and physiology contribute to the study of human movement.

MPC transfer programs are designed to enable students to complete lower-division requirements in preparation for transfer to a baccalaureate-granting institution.

The Student Transfer Achievement Reform Act (Senate Bill 1440, codified in California Education Code sections 66746-66749) guarantees admission to California State University (CSU) system for any community college student who earns an Associate Degree for Transfer (ADT), although not to a particular campus or major. Upon transferring to a CSU campus that accepts the Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T), students will be required to complete no more than 60 upper-division units to earn a bachelor's degree in a same or similar major (unless designated as a "high-unit" major).

The following Associate Degree for Transfer requirements must be completed to earn the AA-T or AS-T degree:

- Minimum of 60 CSU-transferable semester units;
- Minimum grade point average (GPA) of 2.0 in all CSU-transferable coursework (while a minimum of 2.0 is required for admission, some majors may require a higher GPA);
- Completion of a minimum of 18 semester units as detailed in the Major Requirements;
- Completion of all courses in the major with a grade of C or better (or a "P" if the course is taken on a "Pass/No Pass" basis);
- Certified completion of the California State University General Education-Breadth pattern (CSU GE-Breadth) pattern; OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.

All students should consult with a Counselor to discuss transfer pathways and specific university admission requirements. Visit MPC's Counseling website for more information about Counseling services provided by MPC and to connect with a Counselor.
