

MUSIC, ASSOCIATE IN ARTS FOR TRANSFER

The Associate in Arts in Music for Transfer degree (AA-T in Music) program is designed to prepare students who intend to satisfy lower-division requirements for a baccalaureate degree in the field of music for a seamless transfer to the California State University system. Students in this program examine foundational elements of music including music theory, ear training, applied music, intermediate piano competency, and participation in ensembles.

Learning Outcomes

Upon successful completion of the program, students will be able to:

- Perform a musical composition that demonstrates an intuitive awareness of the symbolic meanings inherent in that work as well as a degree of craft appropriate to the student's level of development.
- Analyze and interpret elements of musical compositions as they reflect and relate to human thought, achievement, and expressions and to communicate the results.
- Analyze a musical composition or performance in a manner that demonstrates both an awareness of the craft, skill and discipline employed, and the intuitive values expressed.
- Demonstrate intermediate keyboard competency through the performance of level-appropriate piano literature.

Associate in Arts for Transfer Degree Major Requirements

Code	Title	Units
Required Core		
MUSI 10A	Music Theory and Musicianship I	4
