

PHYSICAL EDUCATION AIDE, ASSOCIATE IN SCIENCE

This program is designed for individuals interested in working in the field of physical education. It prepares them for paraprofessional jobs in schools and fitness programs by instructing them in group work, safety, and knowledge of injuries. The Physical Education Aide Associate in Science program also offers a wide variety of sports activity courses.

Learning Outcomes

Upon successful completion of the program, students will be able to:

- Apply basic principles of safety in a physical education activity.
- Assist or lead various physical fitness/education activities in a group setting.
- Identify injuries common to fitness activities and basic treatment.
- Apply basic physical training principles in designing fitness training programs.
- Identify career options in health, physical education and fitness.
- Analyze how physical, social, emotional, and/or intellectual factors contribute to wellness and healthful living.
