

# POLITICAL SCIENCE, ASSOCIATE IN ARTS FOR TRANSFER

The Associate in Arts in Political Science for Transfer degree (AA-T in Political Science) program prepares students to analyze practices of power by evaluating the policy-making functions of government, both in the United States and in other countries, social movements, war, and revolution, among other topics. Political science majors receive thorough training in a broad range of quantitative and qualitative methods and learn to conduct research on topics of interest to contemporary political scientists, preparing them for transfer into the CSU system to pursue a baccalaureate degree in Political Science or related area. Students must complete the Associate Degree for Transfer requirements to earn the AA-T degree.

## Learning Outcomes

Upon successful completion of the program, students will be able to:

- Identify the primary theories and methods associated with the four major subfields of the political science.
- Explain the relationship of political outcomes (i.e., constitutions, laws, treaties, wars, etc.) to the institutional structures that have produced them.
- Identify the primary variables in the political development of the institutions of U.S. government.
- Relate the primary theories of political motivation to the actions of political actors, both individual and institutional.

MPC transfer programs are designed to enable students to complete lower-division requirements in preparation for transfer to a baccalaureate-granting institution.

The Student Transfer Achievement Reform Act (Senate Bill 1440, codified in California Education Code sections 66746-66749) guarantees admission to California State University (CSU) system for any community college student who earns an Associate Degree for Transfer (ADT), although not to a particular campus or major. Upon transferring to a CSU campus that accepts the Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T), students will be required to complete no more than 60 upper-division units to earn a bachelor's degree in a same or similar major (unless designated as a "high-unit" major).

The following Associate Degree for Transfer requirements must be completed to earn the AA-T or AS-T degree:

- Minimum of 60 CSU-transferable semester units;
- Minimum grade point average (GPA) of 2.0 in all CSU-transferable coursework (while a minimum of 2.0 is required for admission, some majors may require a higher GPA);
- Completion of a minimum of 18 semester units as detailed in the Major Requirements;
- Completion of all courses in the major with a grade of C or better (or a "P" if the course is taken on a "Pass/No Pass" basis);
- Certified completion of the California State University General Education-Breadth pattern (CSU GE-Breadth) pattern; OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.

All students should consult with a Counselor to discuss transfer pathways and specific university admission requirements. Visit MPC's Counseling website for more information about Counseling services provided by MPC and to connect with a Counselor.
