

SOCIOLOGY, ASSOCIATE IN ARTS FOR TRANSFER

The Associate in Arts in Sociology for Transfer degree (AA-T in Sociology) offers a rich and dynamic core curriculum that combines general and topical courses. All classes build on existing campus diversity by emphasizing multicultural approaches to teaching and learning. By engaging students' own experiences and interests, sociology bridges school and community, offering students opportunities to apply new knowledge through participatory action research and service-learning projects.

The program provides a single pathway that prepares students to transfer seamlessly into the CSU system as well as align with the UC Transfer Pathway for transfer to the UC system to pursue a baccalaureate degree in Sociology or related major. (Admission to the University of California is competitive; successful completion of this program does not guarantee acceptance to a UC campus.) Students must complete the Associate Degree for Transfer requirements to earn the AA-T degree.

Learning Outcomes

Upon successful completion of the program, students will be able to:

- Explain the process of socialization in terms of human development in different social contexts and societies.
- Develop appropriate research questions, design well-developed research projects at the undergraduate level, and effectively apply empirical methods to the study of society, generating well-evidenced, rational explanations for social outcomes, phenomena, practices, and processes.
- Describe how social structures of class, culture, gender, race, and sexuality affect life changes.
- Critically analyze and explain the relationship between individual behavior and society.
