

STUDENT ACTIVITIES & ATHLETICS

Intercollegiate Athletics

Monterey Peninsula College offers intercollegiate athletic teams for men and women in fourteen sports. The six men's sports are football, basketball, baseball, soccer, cross country, and track and field. The six women's sports are basketball, volleyball, beach volleyball, softball, cross country, and track and field. Monterey Peninsula College is a member of the Coast Conference which includes seventeen community colleges located between Monterey in the south and San Francisco at the north.

Monterey Peninsula College abides by the provisions of the California Community College Athletic Association (3C2A) Constitution and Bylaws as well as specifications imposed by the Coast Conference and the Northern California Football Conference. A copy of the 3C2A Constitution and Bylaws is available in the Athletic Director's office. The Vice President of Student Services in consultation with the Athletic Director will interpret the 3C2A regulations for all persons concerned. In order to be eligible for athletic competition, a student must be enrolled and attending class in a minimum of 12 semester units during the season of sport. In order to be eligible for a second season of that sport, a student must complete and pass 24 semester units between seasons of competition while maintaining a 2.0 grade point average. Additionally, student athletes must complete at least 6 units during the preceding academic term in which the student is enrolled as a full-time student at the certifying institution. Students will be assisted with establishing athletic eligibility, but the process often requires checking of records. Students are encouraged to start the procedure well in advance of the season of competition.

The 3C2A allows member colleges to recruit prospective student-athletes that reside and or attend high school within the state of California or outside the state of California. For additional information, contact the Athletic Director or head coach of the particular sport in which you are interested by visiting the MPC athletic webpage.
